

North and South time series of Tropical Pacific Sea Level simulated with FSU winds

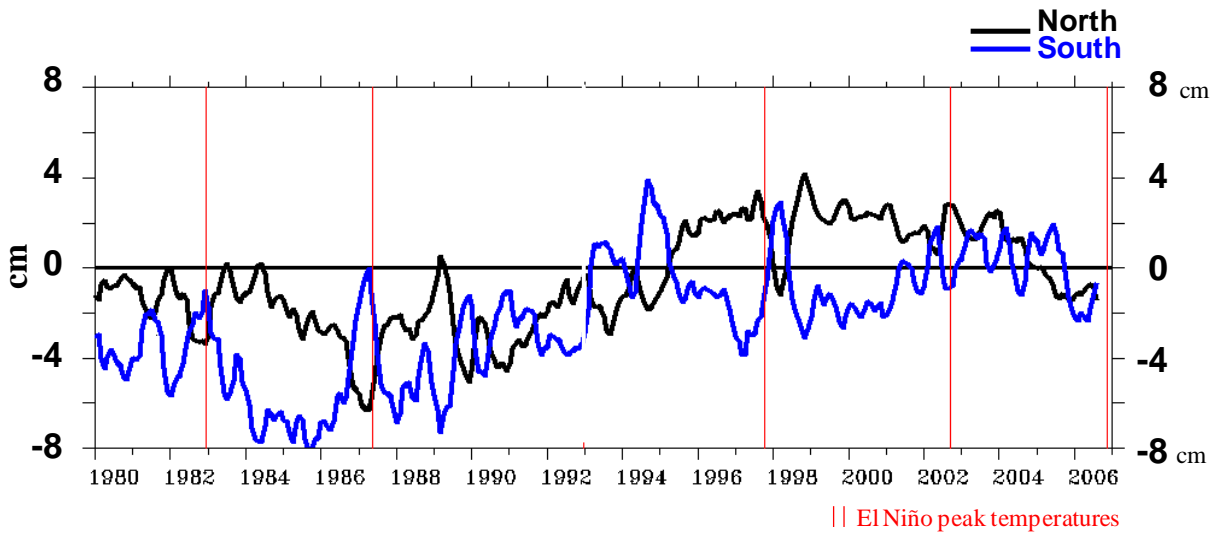

North and South time series are overall negatively correlated

Simulated and observed time series of North Pacific Sea Level

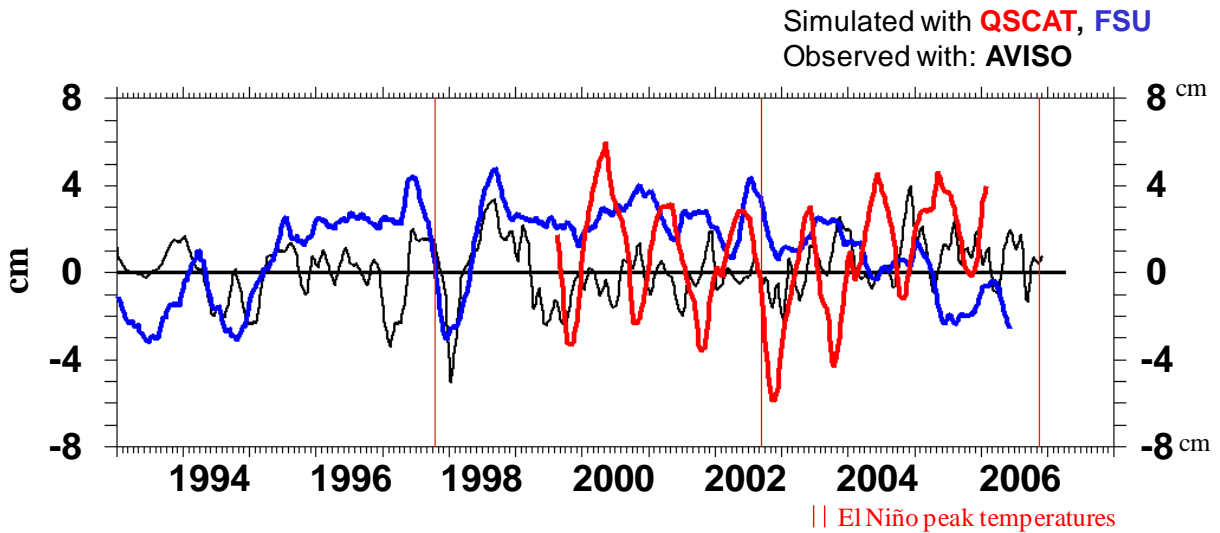

Simulations with QSCAT are incompatible with the observed Sea Levels

North and South time series of Indian Sea Level simulated with FSU winds

North and South time series are overall negatively correlated

Simulated and observed time series of North Indian Sea Level

Simulations with QSCAT have variations that are incompatible with the observed Sea Levels
